INTERVIEW SAID TO BE MISQUOTED

WAR-LIKE ATTITUDE OF ENGLAND TOWARD U. S. CAUSES FURORE

(International News Service)

LONDON, Feb. 9—Misquotation, by a certain American Press Association of the "high personage," who called all American newspaper correspondents into an audience at the foreign office on Monday for a statement in international relations, caused a furor in official circles today.

American dispatches bearing upon the reaction in that country over declarations alleged to have been made by a "high personage" has caused British officials to a high pitch of excitement. Rumors were current that the "high personage" continues in office, but these are authoritatively denied on account of the circumstances attending the publication of his alleged utterances.

It is understood that the government is questioning the authority of the "high personage" to make such an announcement and another statement is contemplated by competent officials to clear up the misunderstanding, notably the inaccurate quotation that the "American personage" really said was "was is impossible." The foreign office has requested the British consulate at New York to cable the complete text of the story carried by the press association responsible for the misquotation.

The Dispatch
The dispatch in question, as referred to above was carried by the Daily News yesterday, as well as by all other members of the press association mentioned, and was as follows.

LONDON, Feb. 8—All American correspondents in London were called to the British foreign office yesterday afternoon to a conference with an important figure in Anglo-American relations, who insisted that his name should not be used.

In discussing Anglo-American affairs, he declared relations are more strained than would appear on the surface. Questions under discussion by the two countries can be settled thru the usual diplomatic channels, he said. "Yet we are treading the path that may lead to war," he added.

Following the receipt of the dispatch Secretary of State Colby immediately denied it, stating that there must have been a misquotation and that the neutrinos succeeded in entering Petrograd.

United Press Answers.
(United Press)

LONDON, Feb. 9—The foreign office today denied responsibility for the statement on Anglo-American relations made Monday to American correspondents by one of the highest British officials engaged in Anglo-American affairs. The statement was made without authority or knowledge of the foreign office," said the communiqué.

The United Press dispatch on the interview was submitted to and approved by the foreign office yesterday as being a correct report of the interview.

TROT AND TOTTEL!
IF YOU DON'T YOU'RE BEHIND
TIMES IN DANCING

(Newspaper Enterprise Association)

CHICAGO, Feb. 9—The swing is out of date.

The two-step is dead.

The one-step is on its last legs.

And the waltz is one with the tango.

The fox trot.

The tango.

But a refined toddler mind you. A slight, quick bit of swaying, but with no suggestiveness, no vulgarity in it.

The dancing masters are endeavoring to remove the modern dances—out of them. They will not teach exaggerated dances. And they cannot keep their hands not to dance them.

NEGRO IS LEGALLY DEAD ONE

SHERIFF FORGOT TO HANG HIM; HE EATS ON JUST THE SAME

(The Associated Press)

BATON ROUGE, Feb. 9—Lonnie Eaton, the negro the sheriff forgot to hang, may be legally dead. Attorney General Coco admitted he did not know, but reports from Ouchita Parish prison, where Lonnie has been eating three squares a day ever since his execution was mishandled by Sheriff Grant, on Feb. 4, do not indicate that his appetite has suffered on account of his possible demise.

Grant wrote the governor yesterday that in the press of civil and criminal matters, he forgot to hang the negro. He did not know what to do about it and asked for instructions.

The governor turned the matter over to the attorney general who is reading law books for precedents. Coco said today that an application for commutation of the negro's death sentence is before the pardon board, with many recommendations for commutation and that as a member of the board he favored it.

May be Negro's Good Luck
(United Press)

BATON ROUGE, Feb. 9—Sheriff Grant's lack of memory may prove to be Lonnie Eaton's good fortune. Today legal lights were trying to determine whether the negro can be hanged now. Attorney General Coco, said he was unable to say what Eaton's status would be until he had studied the case carefully.

**MARTIAL LAW IS NOW
PROCLAIMED IN RUSS
CAPITAL, PETROGRAD**
(United Press)

BERLIN, Feb. 9—Martial law has been declared in Petrograd as the result of the invasion of the city by military sailors from Kronstadt, the naval base of the former Russian capital, according to Helsingborg's dispatches today. Considerable fighting was said to have taken place in Kronshtadt between sailors and troops rushed from Moscow. Advances indicated that Bolshevik troops were defeated and that the neutrinos succeeded in entering Petrograd.

**President Aroused

(International News Service)

WASHINGTON, Feb. 9—The president, aroused over the reports that he was going into seclusion when he leaves the White House, set it to be known today he would continue to take an active interest in the nation's affairs. "The president is not going into seclusion and no press association or other organization can put him there," declared Tammany today. He will live in Washington and will appear in public.

Comes Ashore From Yacht Victoria, Takes Automobile to Make Trip to St. Augustine

President-Elect Warren G. Harding again greets Daytona for a brief period this afternoon, as he came off the Yacht Victoria at the Halifax River Yacht club, and took an automobile to continue his trip to St. Augustine headquarters.

To visit this afternoon of the president-elect was an added pleasure, as it was expected that he would not again pay this visit, a visit intended to take the train at Oak Hill this morning.

The president and party in several cars left at 3 o'clock, immediately after coming ashore from the Victoria, expecting to reach St. Augustine early this evening.

Mr. Harding, after a visit with Mrs. A. H. Kling at her Magnolia Avenue home Tuesday afternoon, went to Shiloh, south of New Smyrna, where he was met by a trolley from the Victoria and taken to the boat, where he spent the night. Arrangements were made this morning for the party to board No. 86 at Oak Hill, but when the train arrived the party had failed to put in an appearance.

It was afterwards learned that the crew of the Osceola, which had been working on the stranded boat in Mosquito Lagoon since Monday, had been successful in floating her, and Mr. Harding had again changed his mind, and "stuck with the ship."

The trip up from Mosquito Lagoon was uneventful, the boat docking at 3 o'clock at the Halifax River Yacht club docks.

Several hundred friends were on hand to greet the President-elect, who expressed the wish that he might have time to shake hands with everyone there, and in a few minutes was rushed away on the trip to the Ancient City, ending his vacation cruise of two weeks and a half.

Cars carrying members of the secret service, and newspaper correspondents accompanied the president-elect's car to St. Augustine.

The men were sentenced to pay a cash fine or a severe jail sentence for contempt of court growing from an alleged violation of a local ban on picketing by a local printing plant. LEGION EXPLAINS DEFEAT

BUREAUS HAVE PACKED COMMITTEES, HINDER SOLDIER RELIEF WORK

(The Associated Press)

WASHINGTON, Feb. 9—Charges that government bureaus concerned with soldier relief are packing committees of the American Legion with bureau employees who are members of the most powerful of all corporations: the Standard Oil group on one side, the Anglo-Persian and Royal Dutch group on the other. Indirectly it involves the governments of the United States, Great Britain and possibly France and Holland. In addition, every independent oil concern throughout the world and many small nations which have oil fields are being made to feel the effect of this struggle politically and economically.

"As a result work of the Legion in soldier relief matters is being greatly handicapped," said Davis, who added that at the Cleveland convention the bureaus backed us to a frazzle in all matters relating to veterans' relief and the Legion wondered how it was done.

"It is certain that the United States will have to obtain a considerable portion of its supply from outside territories," Dr. Van H. Manning, head of the American Petroleum Institute told the United Press. Therefore it is of supreme importance that there be an "open door" policy in the oil fields throughout the world.

**CONFESIONS CLEAR MYSTERY
50 SLAIN WOMEN**
(Newspaper Enterprise Association)

ALEXANDRIA, Egypt, Feb. 9—Egyptian police say that a long series of confessions has completely cleared up the mystery of more than 50 murdered women whose bodies were found buried under houses in Alexandria's underworld.

Victims were murdered for their jewelry, following hashish parties. Sixty have been identified. Several were tourists lured on sightseeing trips.

Eleven men and women, including a goldsmith, belonged to the murder band. Strangulation by a silk cord was the usual method of killing, according to alleged confession of Abu Ali.

Four additional skeletons have been discovered. None of the confessed murderers can make identification.

"My memory is not a book," protested Rayya, one of those arrested, slapping her shoulders. Nine bodies were found under her house.

Tells of Unique Bank "Manned" by Women Entirely

Dr. and Mrs. M. L. Rudolph of Clarksville, Tenn., were among those who witnessed the excitement on the beach Monday evening when Aviator Merrill lost his airplane in his efforts to save a drowning man. They became very much interested and the doctor made the suggestion that Mr. Merrill sell pieces of the wreck as souvenirs. He purchased the first one at \$25, and this set the ball rolling, and no doubt a good sum will be secured by the unfortunate aviator from this source.

"In our little city," observed Dr. Rudolph, "we have what we think is an unusual institution and we are mighty proud of it. We have the first women's bank every organized in Tennessee. We have five banks in our town and while they are all doing well, the women's bank is doing extra well. Not a single man is connected with it, either as stockholder, officer or employee. Mrs. Frank Runyon, wife of one of our prominent physicians, is the president, and Mrs. Matthew Lytle, wife of our district attorney, is the cashier. The business of this bank has grown rapidly and constantly since opening its doors."

Dr. Rudolph is from one of the richest tobacco centers in the United States, and he says this condition of the market is most peculiar.

"In fact," he said to a News representative, "I never knew it to be just as it is now. There is a fairly good demand for the very best quality, the choicer leaves, but practically no demand for the cheaper grades. As a result many of our warehouses are full of last year's production and there is no way to move it. It is understood that the reason for this is the fact that manufacturers are overstocked with cheap grades and are buying the better goods for use in wrapping the cheap tobacco. In this way they hope to get rid of their surplus of the poorer goods. For this reason the buyers now visiting our city are begging our farmers to bring in only their best goods and to hold the other for a rising market. We had a fairly good crop last year, but not as good as the year before. Most of our product goes to England, Germany, Russia and Italy. Before the war the Germans were our best customers, but during the war we could not send them any, and since the difference in the price of money the foreign exchange has been so great that our trade with them is very light. They do not seem now to be able to buy even the cheapest grade. Kentucky and Tennessee are the two largest producers of the dark tobacco of any of the states, and our farmers are planning on an organization so they can control the output and so limit it next year, that the prices will be high and the demand better. We have in Clarksville between fifteen and twenty very large tobacco warehouses, one of which has five acres of floor space. They employ several thousand people and they are the busiest between December 1 and July 1 of each year. Hundreds of buyers come there during this season, many of whom are from Europe. Some time one buyer will come to represent the manufacturers of one entire country, and in this case he will employ a number of local buyers to scour the country and secure for him the amount he wants of the various grades, for which he has a market. Our producers have both a home and foreign market, and between the two in ordinary times the tobacco crop is a very profitable one."

SPEED CASE HAS BEEN
POSTPONED BY COURT

Quite an interesting speed case will be heard by Mayor R. E. Niven at the city hall Thursday morning at 10 o'clock.

J. L. Reed, a resident of Grandview avenue, complained of the Daytona Transfer company for fast driving. He claims one of the defendant's car in trying to pass him ran into his car and damaged it quite badly. Mayor Niven was not well enough to hear the case this morning and postponed the hearing. R. L. Selden has been employed as attorney by the prosecutor.

PUBLIC SERVICE RAISES AMOUNT TO BE DEPOSITED

Hereafter a deposit of \$10 instead of \$5 will be the minimum deposit required before either gas or electric light will be turned on in any building.

W. H. Courtney, the real estate man who represents the Public Service company, yesterday received instructions to make this change. When asked for the reason of doubling the deposit, Mr. Courtney said:

"This has been made necessary because some people have had gas or light or both connected and have failed to pay their first month's bill, and by the time the company has been able to get around to see what was the matter and possibly to disconnect have found the folks gone and their bills far exceeding the amount of their \$5 deposits. This kind of people have compelled the change, as these losses became so frequent the company does not feel called upon to stand them. It is very easy with our system of notices for people to get away with nearly two months' service. We give until the 10th of the month to pay for the preceding month, and then if it is not paid we send a notice saying the service will be disconnected if it is not paid within another 10 days. This gives them 20 days into the second month, and then it is not always convenient for from three to five days more to make the disconnection and very close to two months' service has been given. Many houses use more than \$5 worth of gas in a month, and it will readily be seen that the \$5 deposit does not protect the company from loss. This new order has already taken effect, but, of course, cannot become retroactive as to those who have heretofore made their \$5 deposit. But all newcomers will be obliged to deposit \$10 for gas and \$10 for light before either will be connected."

Sunday Meetings Call for Special Stage Platform

Director James Heaton is busy arranging for an extra platform for use during the Billy Sunday meetings and an extension to the regular stage. This addition will be three feet higher than the regular stage, and in size will be eight by sixteen feet. This will be Mr. Sunday's speaking platform. In addition to this there will also be an extension on each side which will be used by representatives of the press and for members of Mr. Sunday's private party.

There will be a trap door in Mr. Sunday's platform so that when he desires to greet the people this will be quickly lifted and he will descend the stairs that will be built from this door, thus making unnecessary for him to stoop down from the platform.

Mr. and Mrs. O. M. Cox and Mr. and Mrs. J. A. Robinson of Martinsville, Ind., were among yesterday's arrivals at the Dixie hotel. They express themselves as already delighted with the Beach and expect to make quite a stay. They say it seems strange for them to seek entertainment, as it has for many years been their part to furnish it. They come from one of the most popular health resorts in the North, Martinsville, being famed for her mud baths and artesian springs.

"Oh, Oh, Cindy!"
Shows Tomorrow

Tomorrow evening at 8:00 the curtain rises at the Auditorium, Daytona Beach, on "Oh, Oh, Cindy!" the big female musical revue which is being staged by the John B. Rogers Producing company for the benefit of the Civic department, Palmetto club. The reserved seat sale was opened Tuesday morning at the Auditorium box office, and according to all reports the tickets are selling rapidly, so all those who desire seats are advised to buy them at once.

In order that all the children of the city will have an opportunity to see this beautiful play, a special school children's matinee will be given at the Auditorium Thursday afternoon at 3:30. The price of admission will be reduced for school children for this matinee to 35 cents.

The music is "Oh, Oh, Cindy!" is especially good. A six-piece orchestra has been secured to play and the musical numbers of show itself are all of the very best and have been written just for this production.

FOUR STAR GOLF
PROFESSIONALS
PLAY SATURDAY

ORMOND BEACH, Fla., Feb. 9.—Next Saturday afternoon on the Ormond Beach links Jim Barnes, Mike Brady, Freddy MacLeod and Pat O'Hara, four of the leading professionals of America, will play the second of their matches with the new standard golf ball. They met for the first time in a match of this sort at the St. Augustine links last Saturday and Barnes and Brady won by two up and one to play. Barnes was a brilliant performer that day and turned in a card of 76, two under par for the course. He is in wonderful form this winter, but just the same, MacLeod and O'Hara don't think he and Brady can do it again. They want revenge and the contest at Ormond Beach Saturday will be for that purpose. Brady is one at Ormond Wednesday to stay until after the match and the others probably will be along in time to get in some practice over the course. The battle in St. Augustine stirred up lively interest and drew a gallery of 300 spectators, the largest that course ever had. The second match is expected to be just as provocative of interest, and it really will be for blood.

All Exhibits for
Orlando Fair to
Be in Monday

The Daytona Council of Agriculture met at Casino Burgoyne last evening, the greater portion of the meeting being devoted to a discussion of the exhibits to be sent to the Orlando fair, which opens Tuesday, Feb. 15 and at which Daytona will be largely represented.

It was stated that a collection of all exhibits from this district would be received at the local Chamber of Commerce, on Monday, Feb. 14, when they will be transported in trucks to Orlando that night and early the next morning, that they might be fresh for the opening.

REV. C. C. WILBUR HONORED GUEST AT S. S. CLASS

In the lower auditorium of the Community M. E. church last evening occurred the regular annual social and get together meeting of the Tourists' Bible class of that church. This event is chiefly celebrated in compliment to the beloved teacher of this class, which frequently has a membership of 200, Rev. C. C. Wilbur of Halifax avenue. The class membership includes tourists of all denominations, and all are made equally welcome.

There was a carefully prepared program and it was faithfully carried out. Mrs. J. K. Reynolds presided with grace and dignity, while Mrs. H. Drake sang beautifully and Mrs. C. A. Randall, executed the instrumental music to the delight of all present.

Among the special features were the readings of Miss Alyne Szold of Gary, Ind., and Mrs. Mary Crutcher East convulsed her audience with her selection, "Why Does a Widow Remarry?" Being herself a widow, she was showered with many humorous appreciations, which she answered in similar vein which helped to add mirth to the evening's pleasure.

Much interest was manifested in the interesting report of the work of the class during the past year and from every heart there appeared to be the most earnest appreciation of Dr. Wilbur's efforts as a teacher. He responded with an eloquent tribute to the membership for the prompt and faithful attendance and the heed and respect that has been paid to the teachings of the many lessons. He hoped they had had the intended effect upon the lives of all.

Delicious refreshments were served and a delightful social hour followed the regular program. Mrs. Mary Crutcher-East read the annual appreciation of the services of the teacher, Dr. Wilbur.

Vermonter Will Erect a Home on Grandview Avenue

Through F. W. Williams of the Florida Realty company W. H. Stokes, a substantial business man of Middlebury, Vt., has purchased from W. C. Ellis of Paducah, Ky., lot 13 in block 15, city of Seabreeze, and located on Grandview avenue near Earl street.

Mr. Stokes has been here during several seasons and is an old friend of the Beach. He has also visited other Florida resorts, but has concluded that he prefers this to all others. He will apply at the next meeting of the Seabreeze council for a building permit, and as soon as he has permission will begin the construction of a residence which will be of the bungalow style. He hopes to have it ready for occupancy before he returns North in the early spring. Mr. and Mrs. Stokes are very desirable citizens and no doubt will warmly welcomed by their new neighbors in Seabreeze. They are spending a winter in an ocean front cottage.

PENINSULA LOCALS

Mr. and Mrs. W. J. Grant of Jacksonville have been the pleasant guests of Mr. and Mrs. J. L. Capers at 203 Main street.

Mr. and Mrs. W. H. Champagne of Middlebury, Vt., arrived yesterday and have a pleasant apartment at 316 Atlantic avenue.

Walter J. Knoll of Norwalk, Ohio; Mrs. Verne R. Reid of Akron, Ohio; and Mr. and Mrs. T. J. Davis of Barberville, Ohio, are among recent arrivals who have just registered.

Mr. and Mrs. P. S. Kelser of Mt. Vernon, Ohio, and W. C. Johnson of Westerville, Ohio, are at the Keystone apartments. Messrs. Kelser and Johnson are the men who are making a thorough canvass of the Triple Cities in the interest of the Anti-Saloon League. They appear to be men of affairs, liberally educated and well fitted for the work they undertaken.

F. M. Williams of the Florida Realty company has sold for J. W. Cram of Philadelphia to Thomas J. Davis of Barberville, Ohio, a valuable business lot on Main street, Daytona Beach. It is located next to the corner of Live Oak on the south side of Main and situated thereon are two eight room houses. Mr. Davis is well pleased with his purchase, and Mr. Cram realizes his sell at a reasonable figure.

Thomas Bishop, who with Mrs. Bishop took charge of the Dixie hotel at the beginning of the season, left for her former home in New York this morning and does not expect to return. He made his money in the contracting and building business, in which he was very successful. Mrs. Bishop, who has all of the time had most of the responsibility of the hotel, will continue in charge and expects to make it more popular than ever. She has had many years' experience in the hotel business.

MR. AND MRS. J. H. WILLARD
GUESTS AT THE BREAKERS

Mr. and Mrs. J. H. Willard, very pleasant people from Lexington, Mass., who have just arrived from a several weeks' stay over on the west coast are guests of The Breakers. They are delighted with their beach and hope to spend some time here.

Mr. Willard says he put off business out of his mind when he started for home and came away to get away from it. He and Mrs. Willard are having the best kind of a time while capturing the vigor of a northern winter. Mr. Willard says it is state is wonderfully proud of Vice President Coolidge, who he describes as a great and good man.

TOURISTS' NIGHT AT ELKS' CHARITY FAIR TONIGHT; WOODMEN'S NIGHT ON THURSDAY

Tonight will be Triple Cities Tourist club night at the great Elks' charity fair being held this week and next at the Armory, when all tourists in the Triple Cities are cordially invited to attend and to participate in the fun of the evening.

On Thursday evening the local lodge of Modern Woodmen of America will attend the fair in a body, adding much to the liveness of the fair.

Last evening was given out to the Daytona Chamber of Commerce, when a large number of members of that organization, together with their families attended in a body, meeting at Casino Burgoyne early in the evening and being escorted to the Armory by the Elks' Drum Corps. The parade as it wended its way from the Casino to the Armory was quite a lengthy affair making a good showing in the attendance on the second evening of the carnival.

Visitors Coming to the East Coast of Florida May Be Assured of Good Service and Reasonable Charges at the Hotels Listed in These Columns

PRINCESS ISSENA

An enthusiastic and admiring crowd of friends of President-elect Harding constantly besieged the lobby of the Princess Isseña yesterday in hopes that they might get at least a glimpse of the man who has attained the highest honor within the power of the citizens of this republic to give. The president-elect enjoyed supper at the Princess Monday evening, spent the night beneath that hospitable roof, and all of Tuesday morning he spent on the golf links of the Clarendon hotel.

A prominent hotel man who is spending the winter in Daytona said to the News representative:

"I know Mr. Haynes of the Princess Isseña well, and I am glad that the honor of entertaining the president-elect and his party came to him. It is a big compliment to Mr. Haynes that his hotel should be selected out of all the big hotels here for this honor. Haynes deserves all the good things that come his way. He is a hotel man through and through. I consider him the best in the state of Florida."

"Why?" the News representative asked, "do you consider him the best?" "Because," replied this hotel man, "he knows what the people want and he sees that they get it and at a price that is fair. These two characteristics make a successful hotel man. No matter what the rate charged, people should be made to feel that they have not been overcharged for what they have received."

Mr. and Mrs. H. G. Rawson of Des Moines are at the Princess Isseña, where they will remain for the balance of the season. Mrs. Rawson is a daughter of Senator Albert B. Cummins, who is also a guest at the Princess, where he will remain for the balance of the winter.

Mrs. Charles C. Gilbert of Detroit and her daughter, Miss Mary, and Baby Charles have arrived at the Princess Isseña, where they will remain for the rest of the winter. Their home is in Detroit, Mich. They are located in a cottage, as Manager Haynes had no room for them either in the hotel proper or in any of the cottages belonging to the hotel. This is their third season in Seabreeze and they have many friends there and are glad to again be enjoying the sunshine and warmth of mid-winter in Florida.

Mr. and Mrs. Charles B. Nicholson of Scarsdale, Pa., arrived Monday in Seabreeze and are guests of the Princess Isseña, although they were obliged to take a suite of rooms in the Dixie Lodge because the Princess was filled to capacity. They have spent several seasons here and find the peninsula the finest place in Florida to spend the winter season.

PRINCE GEORGE

On these fine days the spacious veranda of the Prince George affords a delightful place and many guests while away the hours there with books, cards, sewing or whatever pastime happens to make an appeal. Many of the men and some of the women guests spend a part of each day playing golf on the splendid links of the Hotel Clarendon and the Daytona links, both of which are in fine condition. The Prince George is so located on the principal street of the city and as well on the Dixie Highway that it attracts many motoring parties who stop to partake of the hospitality offered by the genial management. The dining room of the Prince George is very attractive in its subdued shades of brown, brightened by trimmings of pure white, and during the meal hours the hotel orchestra renders inspiring and delightful music. Everything at the Prince George is spotlessly clean, the service is prompt and the cuisine of the very best, which assures the visitor of good and wholesome meals.

Mrs. J. C. McKenzie of Fall River, Mass., arrived at the Prince George on Monday. Mrs. C. M. Chamberlain and Mrs. Albert E. Weegham of Kalamazoo, Mich., are at the Prince George, where they will remain for the balance of the season.

Mr. and Mrs. Charles Macay and Mr. and Mrs. William Fortune of Cincinnati, Ohio, who spent the early part of the season at the Prince George, have been spending a few days at Miami. They all returned to the Prince George on Monday and were glad to get back to the matchless climate of the Triple Cities, where they will remain for a few days, after which they will return to their northern home.

Among other recent arrivals at the Prince George are:

D. Parker of Toronto, Canada, who was passing through Daytona.

Mr. and Mrs. E. E. Daniels of Worcester, Mass., spent Monday night as they were motoring through the state.

Dr. and Mrs. Louis Faulkner of Chicago, who were on their way to the more southern resorts.

John R. Hewett of New York City was a guest there on Tuesday. Mr. and Mrs. Howard L. Cheney and daughter, Miss Mary Jane, passed through Daytona going from St. Augustine to Orlando and spent a few days at the Prince George.

Mr. and Mrs. George W. Hurd and baby and daughter, Miss Lucille Hurd, I. W. Williams and A. J. Wetbach of Indianapolis were in Daytona early in the week en route to Palm Beach, and were guests at the Prince George while in the city.

began a two weeks' tour of the Near East Friday night at Jacksonville, as a representative of the Syrians, allies in Paris and food administrator of an American com-

mission. Dr. Yonan's meeting created wide personal interest since several of his college and seminary acquaintances live in Florida. Dr. J. G. Anderson at Gainesville, and Dr. L. E. McNair and Dr. S. S. Sisson, of Jacksonville, were acquainted with him when he attended the American university and seminary and later toured the country on the lecture platform. They have followed his successes abroad, and as a soldier and diplomat with keen interest, and heartily welcomed him to Florida.

Experiences of Dr. Yonan, in his attempt to block the Turkish-German

army in Asia, include the training of an army of 30,000 men, conducting a raid on Belhevirk stores to obtain equipment, struggling against the Turks and Kurds in a besieged city and leading an organized retreat to the British lines. Dr. Yonan carries with him a reel of motion pictures filmed in the Near East. The Florida itinerary of Dr. Yonan is as follows: St. Augustine, Feb. 7-8; Palatka, Feb. 9; Miami, Feb. 10; Key West, Feb. 11; Palm Beach, Feb. 12; Daytona, Feb. 14; Orlando and Winter Park, Feb. 15; Tampa, Feb. 16-17 and St. Petersburg, Feb. 17.

**Ash Wednesday
Marks Beginning
of 41 Days Lent**

Today is Ash Wednesday, and with it begins the forty-day penitential season known as Lent. The season is brought to a close Easter, a time of rejoicing but throughout the season of sack-cloth and ashes it is customary among those keeping Lent to abstain from various amusements, and strictly keep celebrations of marriages, birthdays and other festival days are avoided.

During the Lenten season it is customary among those observing the period to frequently attend religious services, give alms to the poor and otherwise engage in doing good work.

Thirty-Six Days Originally

Originally in the Latin church Lent extended over a period of thirty-six days instead of the present forty, in the fifth century, four days were added, in imitation of the forty days' fast of Christ, and this usage was completed by fasting four days before Quadragesima Sunday, the church deeming the full forty days necessary. Sunday was not a fast day, thus making the total number of days less than forty. This change was made in the eighth century.

Originally observed in the Latin and Greek church, the custom spread to the English church, and the present time is quite generally observed by Christian peoples regardless of denominational differences. It is considered a fitting preparation for Easter, the time of rejoicing, celebrating the resurrection from the dead of the Savior.

During the forty days society in general abstains from all forms of social gaiety, only charity affairs having a raison d'être.

Strictly Observed

Locally Lent is more or less strictly observed. In some circles abstinance from frivolity is complete, while in others it is only curtailed, small parties and informal gatherings still having a place on the social calendar. Charity benefits are usually numerous.

Ash Wednesday will be observed with appropriate service in the Episcopal church and Catholic church of Daytona.

Aside from the religious significance Lent is frequently welcomed by society as an opportunity to rest, following a season of gaiety and preliminary to another brief season of social activity always sandwiched in between Easter and the beginning of summer.

JACKSONVILLE**

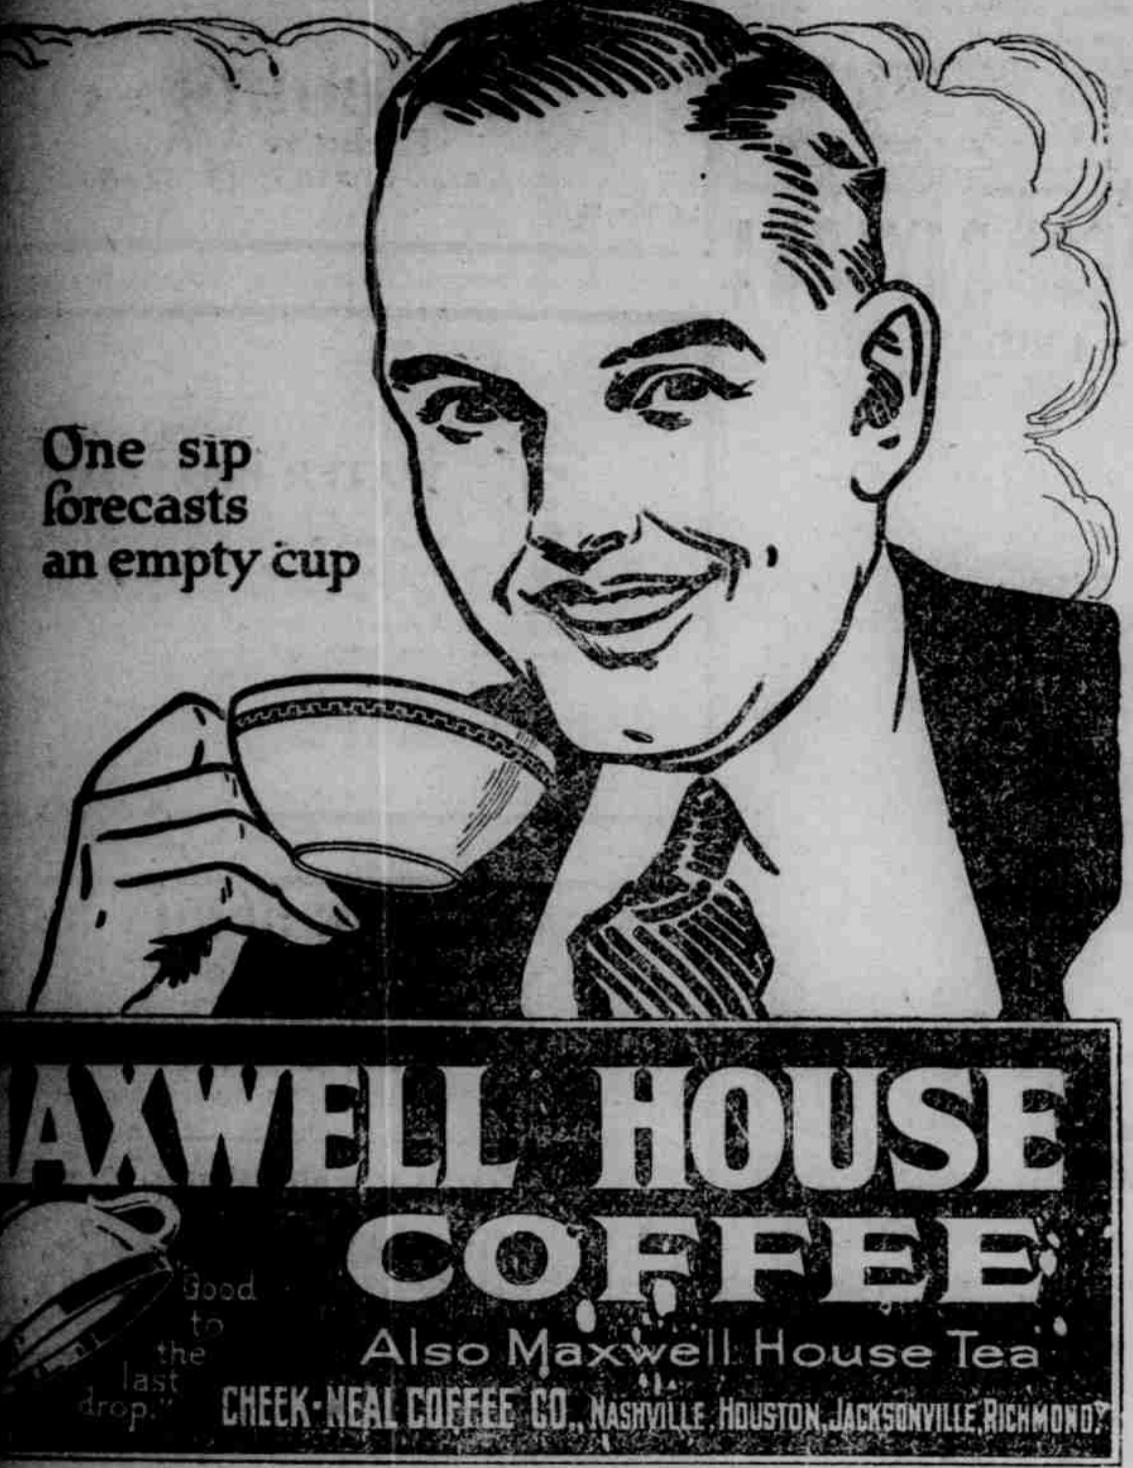

For several years efforts have been made to organize a Community Forum in Jacksonville, after the pattern of the Florida Forum and Assembly, in the Triple Cities, and that these efforts are now forwarded to a point of success is stated in a letter received today by Robt. S. Holmes, president of the Florida Forum, from Mrs. W. S. Jennings, prominent club worker of that city, in which Mr. Holmes is invited to be the principal speaker

on Sunday, Feb. 20, at the opening of the Jacksonville Forum, at which time he will tell his hearers of the organization in the Triple Cities, its aims and purposes, that the Jax Forum may get off with a flying start.

The great success of the Forum in the Triple Cities is reflected in several other organizations of a like nature, and that the Jacksonville Forum will be a success is assured from the many prominent personages connected with the organization.

Dr. Chas. Upson Clark, formerly of the American Academy in Rome, also recently of Yale faculty, and with the Italian armes as a writer, will be the speaker at the local forum next Sunday when his topic will be "The Last

Word from Italy," which promises to be one of the most interesting and instructive speeches of the winter season.
